DHA Healthcare Professional
Licensing Assessment Guideline
Computer Based Testing (CBT)

Updated - Sep 2026

Guideline Preview

- Computer Based Testing (CBT), or online Assessment is conducted by DHA for professional evaluation for healthcare licensure, in certain specialties, to practice in the Emirate of Dubai.
- CBTs are managed and run by our partner '**Prometric**', through their worldwide network of 8,000 test centers, in more than 160 countries.
- All exams' contents are developed and validated by subject matter experts. The contents are updated on a frequent basis.
- Specialties not listed in the guideline will be assessed through an oral assessment (For e.g., certain Consultant titles for Physicians and Dentists).
- DHA reserves the right to activate or de-activate a specialty assessment, change the assessment content, the exam format or the pass score without an update in the content of this document.
- The Exam Duration is including the registration, process introduction and exam content.

- **Assessment General Guidelines:** Manual for Professional Assessment.
- **Exam format:** Multiple Choice Questions (MCQs).
- **Exam result:** 'Pass' or 'Fail' will be updated in the applicant's Sheryan account. The applicant's score will not be shared.
- **Exam Exemption:** Based on the PQR criteria and DHA Manual for Licensing Healthcare Professionals.
